

Code	Agreements	Disagreements	Total	Percent
Limited Use of Data Visualization (Terminology)	2	0	2	100.00
Difficulty implementing scrolling	1	0	1	100.00
Identification of atleast one emotional response	1	1	2	50.00
(-) Detailed observations from a data visualization aspect	2	0	2	100.00
Detailed observations on how interaction could be improved	2	0	2	100.00
Difficulty implementing animation/ interaction	2	0	2	100.00
Top level thinking about different aspects of data visualization	2	0	2	100.00
Deeper thinking about dataset through learning cues	2	0	2	100.00
Ability to critique the dataset/story through learning cues	2	0	2	100.00
Additional observations through learning cues	2	0	2	100.00
Observation of colors/label in visualizations with the help of learning cues	0	2	2	0.00
More observations from a data visualization aspect using learning cue prompt	2	0	2	100.00
Observations on aspect ratio prompted through learning cue	2	0	2	100.00
Observation of colors/label/legend in visualizations with the help of learning cues	0	2	2	0.00
<Total>	22	5	27	81.48
